PRODUCT INFORMATION

For an instant molten smokey eye that lasts use Veruschka, a dreamy, minky-mossy golden grey-green that pays tribute to the sultry feline eyes of the iconic model, Veruschka! Simply add a sheer wash of colour with your fingertip for a flattering finish for day, or add drama for evening by applying with my eye blender brush for high-impact, high-shine lids. Pair it with my Rock'n'Kohl iconic liquid eye pencil in Veruschka Mink and Full Fat Lashes Mascara for cat-eyes that are guaranteed to turn heads.
